NUCLEIC ACID MOLECULES ENCODING HUMAN  
KINASE PROTEINS, AND USES THEREOF

**OFFICE OF PETITIONS****Request for Reconsideration of Petition Under 37 CFR § 1.47(a)**

Commissioner for Patents  
Washington, D.C. 20231

**BOX: DAC**

Sir:

As indicated in a Decision Refusing Status Under 37 CFR 1.47(a) mailed from the Office of Petitions on October 25, 2002, Applicant's renewed rule 47 petition filed October 1, 2002 was dismissed because the Office asserts that Applicant did not provide sufficient proof that the non-signing inventor cannot be reached or refuses to sign the declaration, as required for a grantable petition under 37 CFR 1.47(a).

Specifically, the Office asserts that Applicant has failed to demonstrate that "diligent effort" was used to locate inventor Fancheng Gong, because the statement of facts indicates only that Applicant tried to contact inventor Gong via e-mail and one certified letter at his last known address (which was returned "attempted not known"), and that one certified letter to inventor Gong at his last known address does not constitute "diligent effort".

However, Applicant respectfully asserts that many of the Office's suggestions for locating inventor Gong have been complied with and that diligent effort has indeed been used to locate inventor Gong. Specifically, in addition to the previously mentioned certified letter and e-mail sent to inventor Gong, Applicant has also consulted a phone book (the "Montgomery County Super Pages") and conducted internet searches (using "Yahoo! People Search" and the "Google" search engine) in order to obtain any available phone numbers and/or addresses for inventor Gong. Applicant attempted to reach

inventor Gong by calling the only phone number (301-528-7620) on multiple occasions, and by mailing a certified letter to the only address (12610 Grey Eagle Ct., Germantown, MD) found in the phone book and through the internet search. Messages for inventor Gong were also left on multiple occasions on an answering machine at phone number 301-528-7620. An individual presently residing at the residence for phone number 301-528-7620 returned a call and indicated that Fangcheng Gong no longer resided at phone number 301-528-7620, however the individual was not able to provide a new phone number or address for Fangcheng Gong. Additionally, inventor Chunhua Yan and a number of other colleagues of inventor Gong were also contacted in hopes of obtaining a forwarding address for inventor Gong, but to no avail. Additionally, the Celera Genomics human resources department was contacted in hopes of obtaining another forwarding address from inventor Gong's personnel file, but again to no avail.

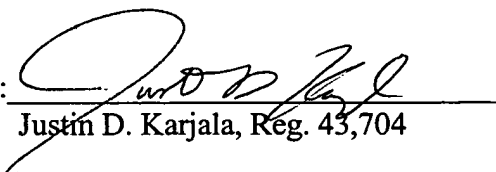

Thus, based on the above facts, Applicants assert that diligent effort has been used to unsuccessfully locate inventor Gong, and therefore respectfully request that the rule 47 Petition be granted.

The Office is authorized to charge any necessary fees related to this Request for Reconsideration of Petition, including any extension of time fees, to deposit account number 50-0970.

Respectfully submitted,

CELERA GENOMICS

Date: November 12, 2002
